# COMPANY INFORMATION

PT. Nusa Cipta Sarana was established in year 2002 as engineering and contractors for material handling and processing in Surabaya, Indonesia.

We started our business in the field of feed mill plant handling system and coal conveying system and coal crushing plant.

We grow through creativity and innovation. Our commitment is to deliver quality products and services to our customer to build long term relationships with our customers. We build coal port, stockpiling, loading and unloading facility on epc basis and we have expanded our products and services, into wider scope and various material and various industries like power plant, industrial salt, cement, fertilizer, bauxite, nickel and other mineral.

Our goal is to build good reputation in the field of material handling and processing and become a key player in the industry.

DESIGN - FABRICATE - INSTALLATION - COMMISSIONING - MAINTENANCE
